Rick and Tom,

Attached is the second version of the report you requested for internal circulation. Based on my conversation with Nathan Moore at CDPHE this morning, it appears there was some confusion at CDOT about whether or not this would remove the original report from the official record. As I stated in my email to Jane Hann on October 13, the original version is still part of the official record as is this second version. Let me know if you have any questions.

Sincerely,

Stephanie DeJong
